Gift yourself with an educational vacation with your pony in the company of some fabulous women!

Parelli 4 Star Professional Margit Deerman

This clinic was born of the idea of using the beautiful LS Ranch environment to build variety in our horsemanship and riding out with confidence and playful imagination!

We have played with obstacle challenges, finesse partner performances, team treasure hunt and cattle drives. Always as partners with our horses and team players as riders.

The comradery is palpable and the ranch could not be more beautiful this time of year!
